Independent Auditor's Report

To the Board of Directors of  
KaBOOM!, Inc.

We have audited the accompanying consolidated financial statements of KaBOOM!, Inc. (KaBOOM!) which comprise the consolidated statements of financial position as of December 31, 2019 and 2018, and the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

*Management's Responsibility for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

*Opinion*

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of KaBOOM! as of December 31, 2019 and 2018 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Principals of Consolidation*** – The consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States and, as a result, all significant intercompany balances and transactions have been eliminated in consolidation.

***Basis of Accounting*** – KaBOOM! maintains its accounts on the accrual basis of accounting and in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements for Not-for-Profit Entities*. Revenues are recognized when earned and expenses are recorded when incurred. Contracted program services are deemed to be exchange transactions, which are recorded as deferred revenue when received and recognized as revenue without donor restrictions upon performance or incurrence of expenditures related to such services. Contributions and grants received without restrictions are recognized as revenue without donor restrictions when received or unconditionally promised, whichever comes first. Contributions and grants received with donor-imposed restrictions are reported as revenue with donor restrictions.

***Basis of Presentation*** – Net assets, revenue, gains and losses are classified based on the existence or absence of donor-imposed restrictions or conditions. Accordingly, the net assets of the organization and changes therein are classified and reported as follows:

**KaBOOM!, INC.**  
**Notes to Consolidated Financial Statements**

---

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

***With donor restrictions*** – Contributions and grants pending satisfaction of donor-imposed, time or purpose restrictions are reported as revenue with donor restrictions. Donor-imposed restrictions satisfied in the year received are recognized as revenue without donor restrictions.

***Without donor restrictions*** – Net assets without donor restrictions result from revenues and other inflows of assets the use of which by KaBOOM! is not limited by donor-imposed restrictions or conditions and are available for use in the general operations of KaBOOM!.

The Board of Directors has designated \$4,500,000 as of December 31, 2019 and 2018 to be held in reserve to support future years' operations, provide a resource for unexpected downturns, and provide a source of investment in the organization. Any use of these funds must be approved by the Board.

***Cash and Cash Equivalents*** – KaBOOM! considers all unrestricted highly liquid investments with an original maturity of less than 90 days to be cash equivalents.

***Property, Equipment and Intangibles*** – Property, equipment and intangibles are stated at cost if purchased and at fair market value if donated. Property, equipment and intangibles are depreciated and amortized using the straight-line method over estimated useful lives of three to seven years with no salvage value. Expenditures for major additions and improvements that extend the useful lives of fixed assets are capitalized as property and equipment while maintenance and repairs are expensed in the year incurred.

Intangibles consist of the cost of developing the KaBOOM! internet website and staff intranet. This cost is amortized by the straight-line method over an estimated useful life of three years and seven years, respectively.

***Other Assets*** – Other assets consist of inventory of build day supplies, publications and deposits. The inventory is stated at cost determined by the specific identification method.

***In-Kind Support*** – KaBOOM! receives playground equipment, building supplies, marketing, advertising, and legal services that are recorded at fair value as income and expense at the time the items are received.

***Use of Estimates*** – The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

***Concentrations of Credit Risk*** – KaBOOM! bank accounts, consisting of checking and money market accounts, are insured by the Federal Deposit Insurance Corporation up to \$250,000. Deposits in excess of federally insured limits were \$705,199 and \$897,378 at December 31, 2019 and 2018, respectively.

**KaBOOM!, INC.**  
**Notes to Consolidated Financial Statements**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Adopted Accounting Standards Updates** – During the year ended December 31, 2019, KaBOOM! adopted FASB ASU 2014-19, *Revenue from Contracts with Customers* (Topic 606) and FASB ASU 2018-08, *Not-for-Profit Entities* (Topic 958): *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*. ASU 2014-19 was issued by FASB to clarify the principles for recognizing revenue for any entity that enters into contracts with customers to transfer goods and services or enters into contracts for the transfer of nonfinancial assets within the scope of this standard. ASU 2014-09 established a five-step process to identify, allocate, and recognize exchange transactions derived from contracts with customers.

ASU 2018-08 clarified and improved the guidance about whether a transfer of assets is an exchange transaction or a contribution. The amendments in this ASU provided a more robust framework to determine when a transaction should be accounted for as a contribution under Subtopic 958-605 or as an exchange transaction accounted for under other guidance (Topic 606). The amendments also provide additional guidance about how to determine whether a contribution is conditional or unconditional.

**Functional Allocation of Expenses** – The costs of providing various KaBOOM! programs and supporting services have been summarized on a functional basis. Overhead costs that cannot be specifically identified with a program or supporting service are allocated to the programs and supporting services based on salary allocations and management estimates.

**Recent Accounting Pronouncements–**

In February 2016, the FASB issued ASU 2016-02, *Leases*. The update requires a lessee to recognize a right-of-use asset and lease liability, initially measured at the present value of the lease payments, in its statements of financial position. The guidance also expands the required quantitative and qualitative lease disclosures. The guidance is effective beginning in calendar year 2021.

KaBOOM! is evaluating the effect the provisions of this ASU will have on the consolidated financial statements.

This amounted to \$423,545 and \$614,500 in 2019 and 2018, respectively, and has been recorded as in-kind contributions and program expense on the statement of activities.

Additionally, volunteers have donated significant amounts of time to KaBOOM! in various capacities. However, these services have not been reflected in the consolidated financial statements since they neither require specialized skills nor would have been typically purchased had they not been donated. The value of these services is not readily determinable.

**12. PENSION PLAN**

KaBOOM! has a 403(b) defined contribution retirement savings plan, which covers all full-time employees. Employees can make voluntary contributions to the plan. Management annually reviews its tax positions and has determined that there are no material uncertain tax positions that require recognition in the consolidated financial statements.

As a single-member limited liability company, KPI is treated as a "disregarded entity" for federal and state income tax purposes.

In accordance in with U.S. GAAP, fixed rent increases are recognized as rent expense on a straight-line basis over the term of the lease. KaBOOM! Play Initiatives, LLC ("KPI"), a wholly owned subsidiary of KaBOOM!, Inc., is a Delaware limited liability company that was formed in 2013 to pursue certain play initiatives in furtherance of KaBOOM!'s mission. Among other things, KPI undertakes activities designed to connect sellers and buyers of innovative play or play-related products. While KPI does not own or sell such products, it does provide certain payment processing services and manages order fulfillment for such products (among other ancillary services provided by KPI in connection with such activities). Sellers completing sales in connection with such activities contribute to KPI a portion of the sales price paid for each product as a donation without restriction to support KaBOOM!'s mission. During 2019 and 2018, KPI revenue totaled approximately \$397,264 and \$425,700, respectively.

**17. CONTINGENT LIABILITY**

In March 2018, California Department of Tax and Fee Administration (CDTFA) (formerly known as the State of California State Board of Equalization) notified KaBOOM! that its account had been selected for a routine sales and use tax audit, which, if adversely determined, could result in a potential assessment for California sales and use tax on the value of playground equipment donated to California communities since 2010. KaBOOM! advised CDTFA that no assessment is warranted. KAPOOM! has provided a waiver to the CDTFA to toll the statute of limitations pending the outcome of such audit.

KaBOOM! believes it has no liability for any California sales and use tax and intends to defend this position vigorously. Due to inherent uncertainties, neither the timing nor outcome of the CDTFA audit, nor an accurate quantification of any resulting potential liability, may be reasonably estimated. Accordingly, no provision has been made for this potential liability as at December 31, 2019.

**18. RECLASSIFICATIONS**
